

EXPLOSIVE TATTOO

CARE AND FEEDING OF YOUR NEW TATTOO.

1. Remove bandage the next day.
2. Wash gently with hand.
3. Apply thin coat of Bacitracin for 3 days (if tattoo is oozing you have too much on!)
4. After 3 days, use unscented lotion for 2 weeks.
5. No pool, ocean, or hot tub. Showers are fine!
6. Don't pick or scratch your tattoo.
7. Once your tattoo heals, always apply sun block to prevent sun damage(fading).
8. Don't listen to your friends advice on how to heal your tattoo.
